It has never been easier to get approved for the vehicle of your choice. After you have been approved, all you will need to do is visit a nearby store location and purchase the vehicle that suits your needs.

DriveTime: Unlike any of the other Georgia Auto Dealers

When you visit any of our store locations you will notice the difference that DriveTime has from any other Georgia auto dealers. We are not just there to make a sale or take your bad credit history and make it worse by selling you a vehicle that you cannot afford. DriveTime employees will find you a car that fits your lifestyle and your current situation. We are there to help you every step of the way.

You can be sure that you will be happy with your purchase because DriveTime puts each used car and truck through a standard 53-point inspection before it even ends up at our stores. We also provide the DriveCare® Limited Warranty with the purchase of your vehicle, as we know that people are uncertain when buying a used vehicle.

With all these great benefits, high quality used vehicles, and no-hassle financing, why would you shop anywhere else but DriveTime? Save yourself some time and stress by going online right now to find out whether you are approved.
